Rooted in Relationships Evaluation Summary

The evaluation of Rooted in Relationships includes three components:

1. Community strategies to impact Early Childhood Systems of Care
2. Pyramid Model Implementation
3. Building Statewide Capacity to Support Early Childhood Systems of Care

Progress and outcomes across these three areas are reported annually in the aggregate across all participating communities. Each community also receives an annual “snapshot” report for their own use to support program improvement and to share with their stakeholders. The annual report is posted and shared widely while individual snapshots are for each specific community’s use only. Evaluators are available upon request to present, in person or through tele-conference, about the Rooted in Relationships data at a community meeting.

This guidebook outlines the evaluation requirements for the Pyramid Model Implementation

These evaluation tools measure progress and outcomes of the Rooted in Relationships program over the 3-year implementation period.

Where to find forms and assessments and how to submit data?

The RIR evaluation uses BOX and the Coaching Management System to share evaluation materials and to collect data. The use of each is described below.

BOX

BOX is a free, secure online file sharing program. Each coach needs a personal BOX account. Go to www.box.com to sign up for a free account.

The evaluator will invite the coach to two evaluation folders.

1. RiR Evaluation Forms & Information: This folder has the Guidebook and the following evaluation materials:

- a. **Provider Roster** – maintain accurate record of providers enrolled in RIR. Make roster changes online in the Coaching Management Online System: (see below), but the form will help you keep an updated accurate list.
- b. **Provider Consent Forms** for home and center providers. Upload to BOX **Very Important!!** Before TPOT or TPITOS data is collected, the provider must give written consent for the observer to collect the data and to share it with the evaluators at Munroe-Meyer Institute. Consent forms should be signed, dated, and submitted with the initial data. Providers have the option to refuse to participate in the evaluation process. If they decline, have them sign the form and write that they elect not to participate. In this case, the observational data will not be collected.
- c. **ASQ-SE2** materials in English and Spanish PLUS an excel form to summarize the ASQ-SE results. For centers, ASQ-SE2 data should be aggregated across all classrooms. It is not necessary to report the results by classroom. Upload to BOX the aggregated excel spreadsheet with the results.
- d. **Benchmark of Quality** surveys for centers doing program-wide implementation and all home-based providers. Upload to BOX
- e. **Demographic Surveys:** center-based and home-based. Enter in Coaching Management Online System
- f. **Expulsion Survey:** Upload to BOX unless notified that Coaching Management Online System has been updated to include this form.
- g. **Provider Survey:** Survey may be distributed electronically or printed. For the provider's convenience, the project evaluator can print and mail the coach copies of survey with stamped return envelopes.
- h. **Reflective Consultation Surveys:** Complete fillable PDF online or print and complete. Upload to BOX.
- i. **TPOT & TPITOS** materials

2. Coach Folder: Each coach will have a personal folder in her name to submit RIR data.

To upload data to the coach folder, drag and drop files. Or click on the blue "UPLOAD" box and follow instructions.

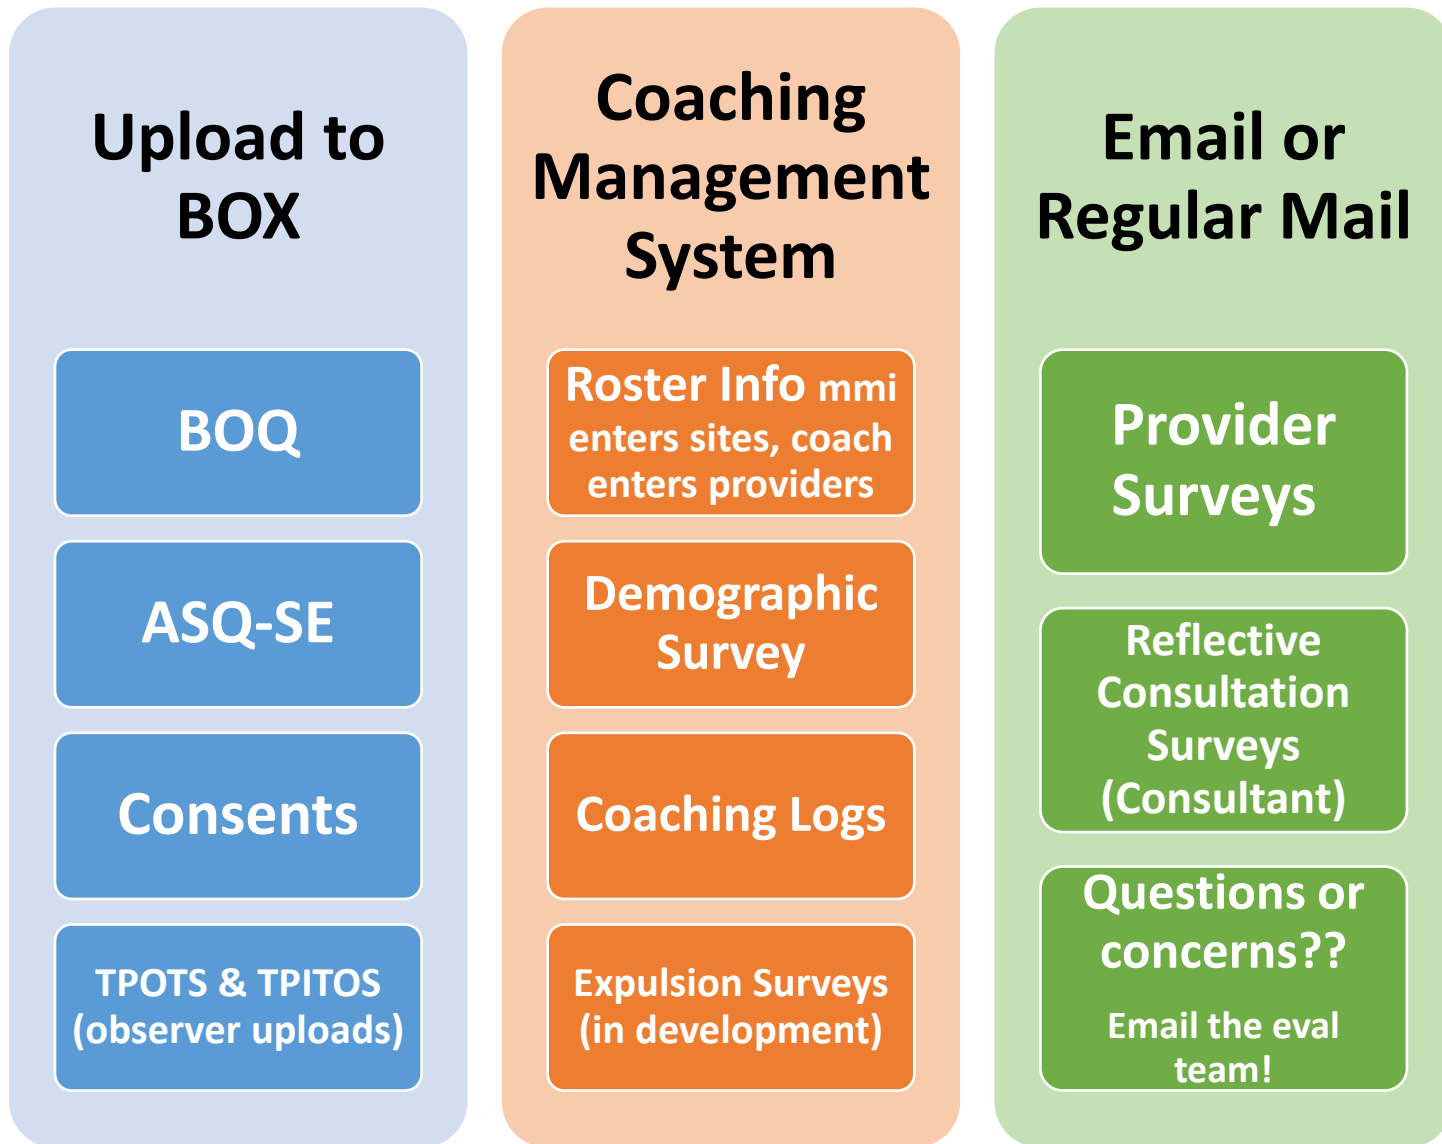

The Coaching Management Online System

Contact the Evaluation Project Director to get a login for the Coaching Management Online System: <http://app1.unmc.edu/rir/login.aspx>

The following items are entered into the Coaching Management Online System (not BOX)

- a. **Teacher Changes** – Add new teachers and exit teachers who leave RIR.
- b. **Coaching documentation** – Log every coaching session with the provider and/or director (if applicable)
- c. **Demographic Survey** – Enter demographic information about the director, providers and children each fall

Benchmarks of Quality: BOQ Expulsion: EXP

When to submit data?

- **All data must be submitted within the designated time frame.** Allow plenty of lead time to get data collected, particularly to gather ASQ-SE2 forms from families.
