The Rooted in Relationships (RiR) Stakeholder Survey is required to be completed with stakeholder teams as part of the expansion application process. Communities will be able to access the survey via Qualtrics (an online survey system that is processed through Munroe-Meyer Institute) https://unmcmmi.co1.qualtrics.com/jfe/form/SV_9Ll4LmvcpCZfZNr

Coordinators may ask their Rooted Coordinator for the results to be analyzed after all the data has been collected.

*Communities may choose to utilize the survey as frequently as they wish. Some communities have found it helpful to do a stakeholder survey annually to assess community engagement and effectiveness of the stakeholder group in guiding the work done through the Rooted in Relationships Initiative.

RiR Stakeholder Survey

Please answer the questions based on your community structure, focusing on RiR coordination/work.

Key Definitions:

Leaders: RiR Coordinator, Lead Coach, Fiscal agent representatives, etc.

RiR Stakeholder: For some communities this is a large diverse group of individuals that come together around early childhood mental health, for others it may be a subgroup that meets around a broader range of topics and age groups.

1. My RiR Collaborative is:
   - Buffalo
